Church address

Dear Pastor,

Thank you for your continued advocacy and diligence in serving God's church. After careful review, we are pleased to inform you that the evangelism request for your church has been approved. This year we are thrilled to see an increase in the number of requests as **over \$2.3 million for program expenses was** requested for 2022. The Conference has dedicated **over** \$1,000,000 with the purpose of serving the community and growing God's kingdom.

The Pastoral Ministries Department uses a formula for distribution to keep the process fair. Half of the available funds are distributed equally to everyone who submitted a request on time. Then, half of the available funds are distributed based on tithe and baptisms from the previous year to those who applied with a one-page plan.

Checks will be sent to the church once an emailed request from the senior pastor is received and treasury has cleared the request. The treasurer will maintain records to show and account for use of evangelism funds. The senior pastor, however, is the sole person who determines how the funds are to be used in alignment with the **presented** guidelines.

Your Specific allocation for 2023 is: **\$TBD**
For: **Church Name**

God Bless,
The Ministerial Department
